# JANUARY

---

---

Happy New Year! We hope you all had a wonderful holiday season. We are looking forward to seeing the children and hearing all their stories. We are happy to welcome two new students into our classroom! Each class will be welcoming a new friend when we start back on January 10<sup>th</sup>.

## In the classroom

This month we will be learning about topics that the children have chosen and shown interest in. The first one will be construction. This has been incorporated into their daily play with blocks, tools and dress up. We will learn about all the people who are builders and fixers in our community and how they work together to create roads and buildings.

The next topic requested was doctors, so we will be talking about hospitals and all the people who take care of us from Doctors, nurses and paramedics. We will create a hospital for play time and we will transform a school bus we have into an ambulance. The children will enjoy the costumes and play kits.

We are also hoping to go outside on Friday the 14<sup>th</sup>. Please bring their snow pants on that day. Pick up will be outside in the back of the school on that day. Weather permitting of course.

Enjoy the simple pleasures of sledding and playing in the snow with your children and we will see you all soon.
